Design Days Dubai is the leading fair in the Middle East and South Asia dedicated to collectible and limited edition furniture and design objects. The fair presents design from leading international designers and galleries alongside up and coming design from across the world. The fair also presents a strong non-commercial programme consisting of education, workshops, installations and live performances.

Design Days Dubai is owned and managed by Art Dubai Fair LLC, a joint venture company between the DIFC and Middle East Fairs Ltd.

Art Dubai Fair LLC's other initiatives include:

- Art Dubai
- Downtown Design
- Art Week
- The Global Art Forum
- Campus Art Dubai

Cyril Zammit, Fair Director of Design Days Dubai:

“This coming edition, the fifth edition of Design Days Dubai will celebrate the collectible design fair's incredible legacy and commitment to supporting and nurturing local design talent. We will focus on a brand new generation of UAE-based designers through initiatives in partnership with Van Cleef & Arpels (the fourth edition of Van Cleef & Arpel's Middle East Emergent Designer Prize); Tashkeel (the third season of Tashkeel's successful design programme); and Dubai Culture and d3's Urban Commissions competition. One Emirati designer Aljoud Lootah who launched at Dubai Design Week in 2015 returns with a new limited edition series. Aljoud is one of a number locally-based designers reaching global recognition, with two of the pieces from her 2015 Oru furniture and lighting collection recently being acquired by a major international museum's permanent collection.

This year, Design Days Dubai will continue to bring together the world's established galleries and newcomers from Dubai, France, Italy and Switzerland; UAE and regional premieres of local and regional designers from Kuwait, Pakistan, Qatar and Saudi Arabia; and our strong public programme of talks and workshops running throughout the fair's dates (March 14-18, 2016). For those interested in collecting and investing in design, we also have a dedicated team to lead guided tours through the fair with many of the designers onsite to welcome visitors and talk through their works' narratives.”
